DETAILED ACTION

The Amendment filed July 20, 2012 has been received, entered into the record, and carefully considered. The following information provided in the amendment affects the instant application by:

Claims 1, 20, 22, and 26 have been amended.

Claims 7, 14, 16, and 27-40 are canceled.

Remarks drawn to rejections of Office Action mailed 6/9/2010 include:

102(b) rejection: which has been overcome by applicants' amendments and has been withdrawn.

112 2nd paragraph rejection: which has been overcome by applicants' amendments and has been withdrawn.

An action on the merits of claims 1-6, 8-13, 15, and 17-26 is contained herein below. The text of those sections of Title 35, US Code which are not included in this action can be found in a prior Office action.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 22 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 22 is drawn to "A method of manufacturing a medicament of claim 1." This is seen to be an incomplete method as here are no steps recited in the method. How is one to manufacture the medicament? If applicants were to add steps to the claim, applicants should be sure the claim does not set forth the same steps as claim 25 as it would then be a substantial duplicate of claim 25.

Allowable Subject Matter

Claims 1-6, 8-13, 15, 17-21, and 23-26 are allowed.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
